Platt Will Choose Another and the Third to Be Agreed Upon.

Mayor Gilroy sprung a surprise on the members of the Board of Electrical Con-trol to-day by notifying them that he work Cost Cure and Cough Cure act like m point a new Commission, which will be It was learned also that the Mayor will appoint Willis Holly, who is now acting as Mr. Gilroy's private secretary, to be the Tammany Hall member

of the Board. It is agreed that Thomas C. Platt will name the Republican member, and the third member is to be agreed upon later. The present Board of Electrical Control consists of Theodore Moss, Jacob Hess and Walton Storm.

Mr. Moss lost no time in hurrying down to the Mayor's office as soon as he received the notification that the old Board was to be abolished.

Mr. Moss spent the greater part of the morning arguing with Mayor Gilroy, but to no effect.

The Mayor insisted that his mind was made up, and that the old Board

would have to go.

Mr. Moss fumed and fretted, to no purpose, and left in high dudgeon.

ONE BAILIFF RESIGNS.

Other Members of Marshal Mc Carty's Staff May Follow Suit.

John Van Buskirk, a United States bailiff, sent in his resignation to-day to United States Marshal McCarty. Other bailiffs and deputy marshals are said to be contemplating similar action. There is now nearly ten months'

action. There is now nearly ten months' back pay due the old bailiffs and deputies, and the Government is two months behind in paying the new ones appointed when Marshal McCarty took office.

The bailiffs and deputies say that at the most they could not make over 30 a month, and now, under the ruling of the First Comptroller of the Treasury, they can not earn \$20. They say they cannot live on this income, aside from the fact that even this small remuneration is not paid them.

The Chief Deputy United States Marshal may possibly to to Washington tonight to urge the payment of the money owing the men.

WANT A NEGRO APPOINTED.

Committee Calls on Gilroy in Regard to School Commissionership. A delegation of negro clergymen and members of the Ministerial Alliance, of New York, consisting of Ernest Lyon, O. B. Tompkins, R. D. Wynn and W. H. Dickerson, called on Mayor Gilroy this morning and asked him to appoint one of their race a School Commissioner in place of one of the seven commissioners whose terms expire this year.

The Mayor said: "Gentlemen, I will give your request serious consider."

WATER FRONT IMPROVEMENT.

The Grangers and trunk lines were comparatively steady. Trading generally was light and confined almost entirely to the four walls of the Exchange.

At a meeting of the Dock Commissioners held to-day a plan for the permanent improvement of the water front on the south side of the Harlem River, from Ams. Sugar Ref. St. 2008, 2018, 20 Third to Seventh avenues, was adopted and ordered submitted to the Sinking Fund for their approval. The plan provides for twelve slips and two large basins 600x600 feet on the south side of the river and more than quadru ples the area of the wharfage room.

MARKET WEAKER AT THE END.

Sugar Declined and Depressed Prices in the Later Trading.

The Volume of Business is Not Heavy, However.

The fact that the London market was reported strong for American securities afforded encouragement to operators on this side. The bears tried to check the improving tend ncy, but their sales made little impression upon prices, and after the first half hour speculation developed a positively firm tone.

Sugar was the leader as usual. After selling around 88 for some time it took a sudden start and rose to 89 1-8 on comparatively light offerings. The volume of business generally was small, but the feeling is more confident owing to the probability that the new \$50,000,000 Government loan will be largely oversubscribed.

Mr. Pavis, who was in feeble health, and waiked with a cane, was slowly crossing Third avenue, at one Hundred and Forty-second street, when a passing wagon obstructed his passage.
